You Can't Run From Love

Eddie Rabbitt

I took a plane around the world
Trying to lose her memory
But every where that I touched down
I found it waiting there for me

You can't run from love
There's just no place
In this world you can hide

You can't run from love
When it's looking for you
All you can do is give up

Sail across the seven seas
Climb upon the mountain high
Build a wall around your heart
It's going to find you every single time

You can travel in a time machine
Disappear without a trace
It won't matter where you go
It's going to find you any place

You can travel in a time machine
Disappear without a trace
It won't matter where you go
It's going to find you any place

You can't run from love
There's just no place
In this world you can hide

You can't run from love
You can't run from love
There's just no place
In this world 'cause I've tried

You can't run from love
You can't run from love
