

# Goodbye

Eddie Vedder

I've got our love to remember  
That will never change  
I have you in my head  
And no, I'll never hold you  
And I'm still asking why  
I guess that this is goodbye

My dreams suddenly seem so empty  
I could go on my own, but I feel like playin' dead  
And for what feels like the first time  
I don't know where you are tonight  
I guess that this is goodbye

We lived half our lives together  
A hundred years is a lot of weight to bear  
And the sun, it may be shining  
There's an ocean in my eyes  
Cause I know that this is goodbye  
Cause I know that this... is goodbye
