

## Call Her Your Sweetheart

Eddy Arnold

Call her your sweetheart whenever she feels blue  
You know there's not a thing she wouldn't do for you  
And when you are tempted to wander astray  
Remember there are times she feels the very same way

Share all your sunshine and all your heartaches too  
Let her know that she means more than all the world to you  
You'll find the future holds a treasure worth much more than go  
ld  
If you'll only call her your sweetheart

Share all your sunshine and all your heartaches too  
Let her know that she means more than all the world to you  
You'll find the future holds a treasure worth much more than go  
ld  
If you'll only call her your sweetheart
