If I Had My Life To Live Over

Eddy Arnold

If I had my life to live over I'd do the same things again I'd still want to roam to the place we call home Where my happiness never would end

I'd meet you when school days were onwards And walk through the lanes that we'd knew If I had my life to live over I'd still fall in love with you

I'd meet you when school days...

If I had my life to live over I'd do the same things again I'd still want to roam to the place we call home Where my happiness never would end

I'd meet you when school days were over And walk through the lanes that we'd knew If I had my life to live over I'd still fall in love with you

I'd meet you when school days...
