

To My Sorrow

Eddy Arnold

(Vic McAlpin)

To my sorrow I loved you only
'Cause you told me your heart was true
Then you left me to love another
To my sorrow, I trusted you.

Only time can heal this longing in my heart dear
And somebody else may help me to forget
I should hate you for all these heartaches
But to my sorrow, I love you yet.

--- Instrumental ---

To my sorrow you made a vow dear
And you promised to never go
Now your promise and vows are broken
Why I love you I'll never know.

Maybe someday when your head has turned to silver
You'll be sorry that you said we had to part
Though I'm smiling inside I'm crying
'Cause to my sorrow, you're in my heart...
