

## You Gotta Have Love

Eddy Arnold

Buy yourself a cottage with a picket fence around  
High upon the hilltop a few miles out from town  
Wrap yourself in loneliness and try to have a ball  
You'll find you gotta have love you gotta have love or you've  
got nothing at all

Buy yourself a new car and go out for a ride  
Drive along a lover's lane with no one by your side  
Keep on saying to your heart I've ever gonna fall  
You'll find you gotta have love you gotta have love or you've  
got nothing at all

Go asleep and dream about the plans you'd like to make  
But there's no fun if there's no one to share them when you aw  
ake

Buy yourself a ticket to London or to Rome  
You'll find there's no difference that if you'd stay at home  
Every town is just the same when you've no one to call  
You'll find you gotta have love you gotta have love or you've  
got nothing at all  
(You'll find you gotta have love) you gotta have love or you've  
e got nothing at all
