

# You Still Got A Hold On Me

Eddy Arnold

Though I only see you now and then  
It's just enough to break my heart again  
Cause you still got a hold on me  
It hurts to ask how you've been  
And walk away from you like some old friend  
Cause you still got a hold on me

Can't help it if I show it don't care who knows it  
That you still got a hold on me  
It grows stronger everyday it's like you've never gone away  
Cause you still got a hold on me  
[ fiddle ]  
Can't help it if I show it...
