

Another Revolutionary

Eddy Grant

Ooooh oooh oooh oooh, do-do-do-do, do-do-do...etc.

Another Revolutionary, God said watch him put his ship
to see
but he can't paddle waves with his hands
them others gotta make a stand
Another Revolutionary, God is fighting for us
righteously, but who knows if his bullets and vest,
were ever made to stand the test

I'm watching him go, but my hearts not in my hand
I can feel no fair, cuz our destiny's secure
Another Revolutionary, Oh he's fighting for us
righteously
But who knows if his bullets and vest were ever meant
to stand the test

Do-do-do-do...

Another Revolutionary, got to go out and I think its
me, gotta battle the waves with my hands
them others got make a stand

I'll play no games, cuz it takes 2 to do that
Won't play no game, until I don't have to fight
Another Revolutionary
oh they'll watch him put his ship to see
but he can't paddle waves with his hands
them others gotta make a stand

Another Revolutionary, always fightin for us
righteously
but who knows if his bullets and vest were ever meant
to stand the test. Oh Yah.

Do-do-do-do-do.....

Another revolutionary!, Fighting for his freedom, Oh
he's fightin for you, just like he's fightin for me

Another reevolutionary, sayin, its the children,
fightin all injustices, oh now, can't stand to hear the
children cry..hear the children cry...while they die of
starvation, fightin for freedom, oh can't you see can't
you see, can't you see, can't you see a ship upon the
horizon, and they feel they don't have a chance

Ohhh!, Fightin for freedom
