

What's Good For The Goose

Eden's Crush

Yeah yeah
Ivette
Rosanna
Maile
Ana Maria
Nicole
I'm hanging out
With the fellas
Is that all right?
Let's go

You wanna hang
With the boys tonight
I'm waiting right
Here for you
Wanna know how I feel
Here's the answer
What's good for the goose
Is good for the gander

Mean what you say
Mean what you do
'Cause it could all
Come back to you
I know your games
I've played them too
But how it ends
Is up to you
When I come and tell you
That it's lady's night
What ya gonna do?
What ya gonna do?
Don't go looking now
To start a fight
It all comes back to you

You wanna hang
With the boys tonight
While I'm waiting right
Here for you
If you wanna know
How I feel
Here's the answer
What's good for the goose
Is good for the gander

Hang with the boys tonight
Waiting right here for you
Wanna know how I feel
Here's the answer
What's good for the goose
Is good for the gander

So do everything
You wanna do
No, I can do it too
Yeah

And be careful
How you size it up
'Cause the shoe
Can fit me too

You care what you say
And not what you do
What ya gonna do?
What ya gonna do?
Expect everything you
Say to be true
And that can't do
That can't do
Hanging all night
While I wait for you
What ya gonna do?
Your day is coming
So what ya gonna do?
You know it's gonna
Come back to you

You know I mean
What I say, mama
It's you gotta
Speak your mind
I'm out in the streets
When I'm on the grind
Don't get this thing twisted
I'm all for you
I had more than
A ball with you
I only fall for you and
That's why we down for life
I wanna make this
All right tonight
But you gotta help me
'Cause we gotta work this out
Take our problems
And turn them out
And gonna be no doubt

Hang with the boys
Waiting right here for you
What's good for the goose
Is good for the gander
Hang with the boys
Waiting right here for you
Wanna know how I feel
Here's the answer
What's good for the goose
Is good for the gander
[Repeat]
