

## Out of This World

Edenbridge

The sleeping giant  
Entangled  
Am I  
Ended in deadlock  
Mistreated  
By and by  
So mine a rich seam  
Do as you would be done by

Caught in this here  
The sadness sincere all alone  
I was shaped into form  
Caught in this pain  
In a world inhumane  
You fight what you don't understand  
Jaded am I  
My well ran dry  
On the slope  
Is there no ray of hope  
In the end, torn and swirled  
I feel I'm out of this world

And looking down the ages  
This treasure  
We call liberty  
Boundless dreams have no end  
They just depend  
On your will to be free

Caught in this here  
The sadness sincere all alone  
I was shaped into form  
Caught in this pain  
In a world inhumane  
You fight what you don't understand  
Jaded am I  
My well ran dry  
On the slope  
Is there no ray of hope  
In the end, torn and swirled  
I feel I'm out of this world
