

Easy Street

Edgar Winter

Easy Street

Saturday night at the corner cafe,
had me some drinks and I'm feelin' my way,
moon's on the rise and it looks like a night for romance.....

..

Shufflin' down past the local hotel,
doin' the rounds like I'm under a spell,
must be the place,
yes I knew when she asked me to dance.....

I'm on Easy, Easy Street.....

I'm on Easy, Easy Street.....

Seein' as how I'm a regular guy,
Watchin' the girls of the evening go by,
got me a chance so I'm takin' it, makin' it last.....

I'm on Easy, Easy Street.....

I'm on Easy, Easy Street.....

So if you're feelin' like you're a lonely man,
and when ever you are down and need a gentle hand.....

There's always Easy Street you know you got it planned,
but just remember boy,

it's only a one night stand.....

That's all.....

Think I'll make it anyway.....

That's where it's at.....

Easy Street USA.....
