Hunk O' Da Funk

Edgar Winter

Call me white trash But that don't make me no punk I'll drink a 6-pack But that don't make me no drunk You can have my piece of the rock All I want is a hunk of the funk I believe in God But that don't make me no monk Life is like Eve's apple Everybody wants a chunk You can talk about good and evil All I want is a hunk of the funk Hunk of the funk (hunk o'da funk) I used to get so high Smokin' weed until I stunk I tried every kind of drug All the way from acid down to junk But just one thing got me off Good God gone and gave me a hunk of the funk Hunk of the funk (hunk o'da funk) (break down) Alright Let's go all night Come on Don't do me wrong (outro) Hoooh Lord Come on and save me Good God Come along and gave me A hunk of the funk (hunk o' da funk) Hunk of the funk (hunk o' da funk) Etc.
