

# Keep Playin' That Rock 'n' Roll

Edgar Winter

Don't you know that I was sittin back in Texas  
I was playing those rhythm and blues  
And then I got a big offer  
For more money than I could refuse  
I had the chance to make it  
Playing anything I wanted to play  
But way back in my mind  
You know I could hear the people say

Keep playing that rock and roll  
Keep doing what you been told  
Save your money up for when you get old  
Got to keep playing that rock and roll

So I packed up and I made it up to New York  
Where my brother was a great big star  
Yeah he was doing funky music  
Singing and playing guitar  
Johnny was making the big time  
Everything was going his way  
But way back in my mind  
You know I could hear the people say

Keep playing that rock and roll  
Keep doing what you been told  
Save your money up for when you get old  
Got to keep playing that rock and roll

(Guitar solo)

Don't you know that I've been doing lots of thinking  
I've been trying hard to figure it out  
But there's a certain kind of music, yeah  
Got to make you jump and shout  
Now you could call it commercial  
If you want to be that way  
But way back in my mind  
You know I could hear the people say

Keep playing that rock and roll  
Keep doing what you been told  
Save your money up for when you get old  
Got to keep playing that rock and roll

Oh you got to keep on playing  
(You got to keep on playing)  
Oh you got to keep on playing  
(You got to keep on playing)  
Oh you got to keep on playing  
(You got to keep on playing)  
Got to keep playing that rock and roll

Keep playing that rock and roll  
Keep doing what you been told  
Save your money up for when you get old  
Got to keep playing that rock and roll  
Rock and roll

Rock and roll  
To satisfy my soul
