

## What If

### Edge of Dawn

What if the place where the love retreats to rest  
was a comfortable room  
with a fireplace  
providing warmth and shelter  
on a dark winter's night

what if dying meant being rocked to sleep  
every so gently  
in the soft embrace of  
caring arms  
and pure affection

what if the last thought we will ever have  
was the memory  
of a beloved  
carrying us away  
into the void  
peacefully  
and quiet

what if i was wrong

what if we simply fall  
..and fall
