

No More Foolin'

Edguy

Fair sex paralyzer, lipstick in a face
Spirit analyzer, not one human trace
No need to cry
Roll the fuckin' dice, I'm a loser in a game
Gonna hurt my feelings, your only real aim
Feels like I die

You can play nice you get satisfied when you win
I see a smile of truth but I can't stare within
Riot in your soul

No more foolin'
You will save all your love
No more foolin'
You will save all your love

Say goodbye - say goodbye
You never knew that I was strong enough to stand
All alone on my own I don't need your hand

Get your weapons loaded, your target in your sight
Why don't you only tell me, that I shall fucking die

Lookin' so attractive, wanna get me active
But you never realized that I have got the tactics
I'm much too cool, much too large to be fooled
By your lies

You can play nice you get satisfied when you win
I see a smile of truth but I can't stare within
Riot in your soul

Say goodbye - say goodbye
You never knew that I was strong enough to stand
All alone on my own I don't need your hand
