

# Paradise

Edguy

I've just returned to give you fears  
To bring you pain as much as tears  
You'll never know what's in my mind

It's an invitation to my way  
Pray to me or you will pay  
When I'm smiling what's behind

I'll be tearing down you paradise  
I'll be bringing you down  
No warning - I'm pawning  
I'll be tearing down you paradise  
I'll be bringing you down  
No warning - I'm pawning

Now let us open up the gate  
Leave your way before it's too late  
Into the heart of dark insanity  
As black as hate but even white  
It must be the dragon that I ride  
Something burning my reality

I'll be tearing down you paradise  
I'll be bringing you down  
No warning - I'm pawning  
I'll be tearing down you paradise  
I'll be bringing you down

I'll be tearing down you paradise  
I'll be bringing you down  
No warning - I'm pawning  
I'll be tearing down you paradise  
I'll be bringing you down
