

Superheroes

Edguy

Intro : , , ,

Verse:

City lights are calling
Slowly coming back to life
Speeding in the fast lane
Mama let us waste no time
Devil in the doorway
Selling any kind of hell
We're just coming out to play the game

Chorus:

we never cry for love
We're superheroes
We are back where we belong
We never cry for pain
We're superheroes
Make a stand where we belong
