

# Superheroes

Edguy

Intro : , , ,

Verse:

City lights are calling  
Slowly coming back to life  
Speeding in the fast lane  
Mama let us waste no time  
Devil in the doorway  
Selling any kind of hell  
We're just coming out to play the game

Chorus:

we never cry for love  
We're superheroes  
We are back where we belong  
We never cry for pain  
We're superheroes  
Make a stand where we belong
