

Nothing

Edie Brickell and New Bohemians

Are you in bad mood?
Don't you wanna talk about it?
Did I say somethin' rude?
You don't have to cry about it.
Aren't you feelin' okay?
Would you like a little company?
Or did you have a bad day?
Are you mad at me? Let it show
Don't tell me nothing I don't wanna know
There's nothing I hate more than nothing
Nothing keeps me up at night
I toss and turn over nothing
Nothing could cause a great big fight
Hey what's the matter?
Don't tell me nothing.
