

## For The Time Being

Edie Brickell

It must be nice to be full of good advice to say  
It must be sweet, but I'll call you if I need it  
I'm doing alright for the time,  
Fine for the time being

I'll need professional help if it does get any worse than this  
I'll be out on a ledge if it does get any worse than this  
I'm doing alright for the time,  
Fine for the time being

You think you know me well  
You think you know me well  
But you don't know me at all

It must be fine to think everyone is down the dirt  
It must be nice but I don't you need you to ask for help  
I'm doing alright for the time,  
Fine for the time being  
I'm doing alright for the time,  
Fine for the time being

You think you know me well  
You think you know me well  
But you don't know me at all  
Oh you don't know me at all  
You don't know me like I know, like I know myself  
You don't know me like I know, like I know myself
