

Next Door

Edward Maya

Try to find a way to love me,
Deep inside, I'm just a girl who lives next door.
You are the light inside my heart,
Deep inside, and you are the boy who lives next door.

Don't you wanna feel my touch,
Don't you wanna be my light next door,
Come inside my heart.
You paint my heart, you take my soul,
You fit my heart, you are my love next door,

Come inside my heart.

You paint my soul,
You are my light next door,
Come inside my heart.

Try to find a way to love me,
Deep inside, I'm just a boy who lives next door.
You are the light inside my heart,
Deep inside, and you are the girl who lives next door.

Cause I love you(2x)
And I need you.
I love you(2x)
