

# Out Of Love

Edward Maya

Out of love I need you  
Out of sun I'll have you  
Out of love, out of love  
I feel I'm falling for you...

Out of love I need you  
Out of sun I'll have you  
Out of love, out of love  
I feel I'm falling for you...

You think it's fun to lie  
Looking in my eyes  
All the games you play  
Take my heart away

You think it's fun to lie  
Playing with my mind  
Baby you should stop  
Love or give it back

'Cause I feel you, feel you  
Dying, I'm dying  
Loving, burning  
Wish I could stay...

'Cause I feel you, feel you  
Dying, I'm dying  
Loving, burning  
Wish I could stay...

I can't breath your lies  
I can feel your lies  
Loving like I do  
I'll never get very far  
Never too far  
I'm calling your heart  
Right from the start

And if I fall  
I'm falling for you  
No longer I do  
I feel like I'm rising

If I fall  
I'm falling for you  
No longer I do
