

# Brother

Edward Sharpe & The Magnetic Zeros

Somewhere over the earth  
A song, a song  
Somewhere I have heard  
My brother is gone  
Away, under the moon  
Brother, brother  
Away, gone so soon  
Please singin his tune  
Still singin his tune

And away he gone day  
And away he gone night  
And away he gone dark  
And away he gone light  
Up and away he gone away  
But in a way he gonna stay  
Oh brother of mine  
We'll be singing some day  
Oh we'll be singing someday  
Undead audio, yes we'll be singing someday

Some say I am to blame  
Brother, brother  
Some days I fell the same  
And feelin that shame  
Away under the moon  
Brother brother  
Away gone so soon  
Please singing this tune  
Still singing his tune

And away he gone dark  
And away he gone light  
And away he gone day  
And away he gone night  
Up and away he gone away  
But in a way he gonna stay  
Oh brother of mine  
We'll be singing some day  
Oh we'll be singing someday  
Undead audio, yes we'll be singing today
