

## Dear Believer

Edward Sharpe & The Magnetic Zeros

Somewhere over the earth  
A song, a song  
Somewhere I have heard  
My brother is gone

Away, under the moon  
Brother, brother  
Away, gone so soon  
Still singing his tune  
Still singing his tune

And away he gone day  
And away he gone night  
And away he gone dark  
And away he gone light

Up and away he gone away  
But in a way he gonna stay  
Oh, brother of hearts  
We'll be singing someday  
Yeah, we'll be singing someday  
Oh, we'll be singing someday

Oh, brother of hearts  
We'll be singing someday  
Undead audio  
Yes, we'll be singing right now

Some say I am to blame  
Brother, brother  
Some days I fell the same  
And feeling that shame  
Away under the moon

Brother, brother  
Away gone so soon  
Still singing this tune  
Still singing his tune

And away he gone day  
And away he gone night  
And away he gone dark  
And away he gone light

Up and away he gone away  
But in a way he gonna stay  
Oh, brother of hearts  
We'll be singing someday  
Yeah, we'll be singing someday  
Oh, singing someday

Oh, brother of hearts  
We'll be singing someday  
Undead audio  
Yeah, we'll be singing right now
