

America Street

Edwin McCain

Rubber on my tires making contact with the road
Sign on the street post tells me which way I should go
Riding down America Street funny that it's one way
Riding down from uptown to where the buildings are broken down
in decay

America Street it's right nearby
Land of the free and the brave
If we can't work and make some change
There won't be much of this land left to save

It's a classic case of misdirection and slight of hand
We watch while our deficit grows
What a shame that we can't teach our kids to read
Makes you wonder where all the tax money goes

Well America Street it's right nearby
Land of the free and the brave
And if we can't work and make some change
There won't be much of this land left to save

Won't be much to save
Excuse me sir pardon me can you spare some change
Because it's cold and I live outside
A thoughtful search into my pockets finds enough so he can rock
et
Right up to the bar and enjoy his lie

America Street it's right nearby
Land of the free and the brave
And if we can't work and make some change
There won't be much of this land left to save
Won't be much to save...
