

# I Want It All

Edwin McCain

She's got an inner child  
A little tame and a whole lot of wild  
But as crazy as it is, it is who she is

And she smiles and she frowns  
She's sunshine and she's clouds  
Emotional to say the least  
But that's okay with me

'Cuz when I fell, I fell hard for every part  
From the beauty in her eyes to the love that's in her heart  
The good, the bad, the happy and the sad  
Her perfections, her every little flaw, I want it all

And she found some new laugh lines  
But whenever she asks me  
It's only beauty that I see

'Cuz when I fell, I fell hard for every part  
From the beauty in her eyes to the love that's in her heart  
The good, the bad, the happy and the sad  
Her perfections, her every little flaw, I want it all

And when she falls asleep  
I know she'll dream a little dream of me  
And in the morning she will see  
That it's easy to believe

'Cuz when I fell, I fell hard for every part  
From the beauty in her eyes to the love that's in her heart  
The good, the bad, the happy and the sad  
Her perfections, her every little flaw, I want it all

I want it all, the good the bad, the happy and the sad  
I want it all, the good the bad, the happy and the sad  
I want it all, the good the bad, the happy and the sad
