

# If You Could Love Me

Edwyn Collins

Darkness, darkness all around  
And my senses have been stripped  
Of sight and sound

Suddenly I came to, I pulled through  
Amazed at what I saw  
Struggling hard to find the words  
When words tends to stick right in my craw

I'm talking about seizing the moments  
When the moment has gone  
There's no telling me 'cause I'm holding on  
Hoping against hope that you've got it wrong

If you could love me  
Like I love you  
If you could love me  
Like I love you

Frozen in time and space  
Yet I feel no need  
To get out of this place

And suddenly the earth moved  
The planets grooved, I fell down on my knees  
Someone whispered take your leave  
You're free to go any way you please

I'm talking 'bout seizing the moments  
When the moment has gone  
There's no telling me 'cause I'm holding on  
Hoping against hope that you've got it wrong

If you could love me  
Like I love you  
If you could love me  
Like I love you

I'm talking 'bout holding out  
So scared to follow through  
I'm talking 'bout holding out  
So scared of losing you

If you could love me  
Like I love you  
If you could love me  
Like I love you

If you could love me  
Like I love you  
Like I love you  
Like I love you  
'Cause I love you
