

## If I Give Myself (Up) to You

Edyta Górniak

If I lay down the past  
And I let myself go  
Put my heart in your hands  
And forget what I know  
Can I trust you, baby  
What goes on in your mind ?  
I feel myself falling  
It's been such a long time  
It's a miracle, baby  
To find love that's true  
Will you be there for me  
If I give myself to you  
If I give myself to you  
I've been hurt before  
And I've tried to forget  
But the pain lived inside  
'Till you and I met  
If I follow you, baby  
And I love you blind  
When you're sure I've fallen  
Will you still be kind ?  
It's a miracle, baby  
To find love that's true  
Will you be there for me  
If I give myself to you  
If I give myself to you  
If I follow you, baby  
And I love you blind  
When you're sure I've fallen  
Will you still be kind ?  
It's a miracle, baby  
To find love that's true  
Will you be there for me  
If I give myself to you  
If I give myself to you
