

If I Give Myself (Up) to You

Edyta Górniak

If I lay down the past
And I let myself go
Put my heart in your hands
And forget what I know
Can I trust you, baby
What goes on in your mind ?
I feel myself falling
It's been such a long time
It's a miracle, baby
To find love that's true
Will you be there for me
If I give myself to you
If I give myself to you
I've been hurt before
And I've tried to forget
But the pain lived inside
'Till you and I met
If I follow you, baby
And I love you blind
When you're sure I've fallen
Will you still be kind ?
It's a miracle, baby
To find love that's true
Will you be there for me
If I give myself to you
If I give myself to you
If I follow you, baby
And I love you blind
When you're sure I've fallen
Will you still be kind ?
It's a miracle, baby
To find love that's true
Will you be there for me
If I give myself to you
If I give myself to you
