

## Are You & Me Gonna Happen

Eels

Are you and me gonna happen  
Are you and me gonna happen soon

The gods smile hard down upon  
A love that's shared  
Heaven's awaiting those who dare

Are you and me gonna happen  
Are you and me gonna happen soon

A sweeter feeling i can't guess  
Will ever be  
A truer union i can't see

I don't know how much more i can take  
I will run through the streets  
I will howl at the moon  
If you and me cannot be happening soon
