

## Eight Lives Left

Eels

Eight lives left  
One chapter down  
Still nothing new  
In this old town

I'd like to spend at least  
One life with you  
Eight lives left  
And a heart that wants  
To be true

Five miles out  
The depot is there  
A greyhound is waiting  
To take us somewhere

I'd like to spend at least  
One life with you  
Eight lives left  
And a heart that wants  
To be true
