

Lone Wolf

Eels

I am a lone wolf
I always was and will be
I feel fine
I am resigned to this
I am a lone wolf
I am a lone wolf

Got my cares
Wrapped-up all nice and neat
In my suitcase
I'll take it down the street
To a place with plenty of space for me
I am a lone wolf

I am a lone wolf
It blows my mind
That people wanna try to get
Inside my tired head
I am a lone wolf
I am a lone wolf

I am a lone wolf
Nobody needs to get too close to me
You'll only see this truth
I am a lone wolf
