

# Manchester Girl

Eels

She hides in the library reading  
Henry miller books  
'til they flash the lights it's time to go  
When she was a little kid she said  
"dad, i don't know why  
I feel so penniless inside"

She's on the promenade  
She's looking for a dress  
She's locked outside a world  
Just a manchester girl

Oh i'll meet you there  
By the old newsstand  
Oh i'll meet you there tonight

Shoot-out at the neighbor's house  
She pulls the covers on her head  
She's counting the shots as they go by  
And pandora's litter box  
Well it's gettin' mighty high  
That cat's gonna keep her up at night

Another scary dream  
Another cigarette  
She's locked outside a world  
Just a manchester girl

Oh i'll meet you there  
By the old newsstand  
Oh i'll meet you there tonight
