

Oh, What a Beautiful Morning

Eels

There's a bright golden haze in the meadow
There's a bright golden haze in the meadow
The corn is as high as an elephant's eye
And it looks like it's climbing clear up to the sky

Well... Oh, what a beautiful morning
Yes, what a wonderful day
Look out there I've got a beautiful feeling
Everything... Everything's goin' my way

Oh, the cattle are standing like statues
The cattle are standing like statues
They don't turn their heads as they see me ride by
And a little brown maverick is winkin' her eye

She says, "Oh, what a beautiful morning"
Yes, what a wonderful day
I've got a beautiful feeling
I got everything... Everything's goin' my way

"Horns stand, please... Now perform"

The sounds of the earth are like music
The sounds of the earth are like music
The breeze is as busy, it don't miss a tree
And a little ol' weepin' willow is laughin' at me

She says, "Oh, what a beautiful morning"
Yes, what a wonderful day
I've got a beautiful feeling
I got everything... Everything's goin' my way
Everything's goin' my way
Oh baby! Oh baby!
I wanna thank you, little girl
For such a wonderful day
I've got a beautiful feeling
Everything's goin' my way
