

## Packing Blankets

Eels

Today is a lovely day to run  
Start up the car with the sun  
Packing blankets and dirty sheets  
A roomful of dust and a broom to sweep up  
All the troubles you and i have seen

Cross when the drawbridge light is green  
Don't look back to that messed-up scene

Packing blankets and dirty sheets  
A roomful of dust and a broom to sweep up  
All the troubles you and i have seen

And all our troubles will be gone  
Blowing out over that bridge  
Floating up into the sky  
Making the storm clouds cry

Put out that smoke and breathe some air  
Get a new name and cut your hair

Packing blankets and dirty sheets  
A roomful of dust and a broom to sweep up  
All the troubles you and i have seen
