

## Sad Foot Sign

Eels

Sad foot sign  
Why you gotta taunt me this way  
The happy side is broken now  
It's gonna be an awful day  
And if i have to drive back by  
To see from a different side  
Would it be enough to say  
The first time was a lie

Sad foot sign  
The end is coming  
That's what they say  
Maybe you could see it  
In your heart for one day  
To let me feel what it's about  
To really be alive  
To live and breathe and see and feel  
Then i can die

And when i come back to this world  
I'll put on the uniform  
And go into the foot sign shop  
Where you were born
