

## The Good Old Days

Eels

I know I'm not too much of a bargain  
And you know that's not what you bargained for  
As the hours turn into days  
Pretty soon lost in the haze  
It's up to you and me  
And who's to say  
These could be the good old days

I like waking up after a bad dream  
Makes it feel like life ain't bad  
Little kids go out to play  
They're just happy it's another day  
It's up to you and me  
And who's to say  
These could be the good old days

I guess I could be a quiet hero  
No one knows the good I've done  
You're not sure, well that's okay  
Cause I am and I'm not afraid  
It's up to you and me  
And who's to say  
These could be the good old days
