

The Soft Beating

Efterklang

The soft beating*
The sound of movement
For the better
Will make us walk

Stop load breathing/tweaking
The sound will pour us
For the better
And make us walk

(From that house)
Letters will come and go,
To the rhythm back and forth

Never e-stop the day

The soft beating,

For the better
Will make us walk

Stop load tweaking
The sound will pour
And I will let it go

From the house in the woods
Me can keep it, or watch it change

We might sleep, sleep comes the most
We can keep it, or watch it fall

Over the top till it all comes down
(It can't imagine it)
Over the top

The soft beating*
The sound of movement
