

Ain't nobody home, please go away
Locked are all the doors and so's the gate
No one mows the lawn, takes out the trash
No one feeds the dog or cleans the ash

Illusions get on my, been on my soul
Feeling you closer
Illusions. If you must, then leave a note
Just in case
I don't remember your name

Ain't nobody home, please go away
And if you're from the post, postpone your stay
If you mind the house, just tear it down
No one's coming back, none coming out

Illusions get on my, been on my soul
Feeling you closer
Illusions. If you must, then leave a note
Just in case
I don't remember your name
