

# Song For Samael

Ego Likeness

And man is just a child  
Defective and diseased  
And I grow so fearful for their kin  
As I watch the sickness breed  
Some will find them worthy of salvation  
But to what end?  
I've seen a man rape his only child  
And murdered one who he called a friend

Samael  
Meet me at the Red Sea  
There are too many thieves in the kingdom  
I will give you the key  
Will you take care of this for me?

I've been exiled  
Called a demon  
Called a witch  
Men killed my children one by one  
But I believe in self-fulfilling prophecy  
So a demon I've become  
Moses forged a pass through the water  
And led his flock to higher ground  
Well I guess Moses was a better soul than I  
I would've let my people drown

Samael  
Meet me at the Red Sea  
There are too many thieves in the kingdom  
I will give you the key  
Will you take care of this for me?

And I am anchored  
To the aftermath  
Of my brother's vicious games  
When they speak of the olden days of vengeance  
It's always followed by my name

Oh Samael  
I know we've had our troubles  
But it's nothing we can't mend  
For the sake of suffering and fear  
I need your strength again my friend

Samael  
Meet me at the Red Sea  
There are too many thieves in the kingdom  
I will give you the key  
Will you take care of this for me?
