

Europop

Eiffel 65

It's a musical kink coming from our roots
and we play it loud cause it's groovy with a style

It's a cultural thing from all country wide
it's a musical flag and we call it europop

Always europop: europop

From the tv sets to the radio
you can feel the force of the music in the night

All through amsterdam straight to italy
you van feel the beat of a european thing
