

# A Long Way Home

## Eighteen Visions

Can someone save me  
From this hell I've made?  
Can someone save me  
Before it's too...

Late nights  
Have driven me insane  
From you, I  
Feel so far away

I'm all alone now  
In this hell I've made  
I'm all alone now  
I think it's too...

Late nights have  
Driven me insane  
From you, I  
Feel so far away

Late nights have  
Driven me insane  
From you, I  
Feel so far away  
Feel so far away!

Can you tear me away from this, I said  
Can you tear me away?  
Can you tear me away from this, I said  
Can you tear me away?  
Can you tear me away from this, I said  
Can you tear me away?

Can someone save me  
From this hell I've made?  
Can someone save me  
Before it's too...

Late nights have  
Driven me insane  
From you, I  
Feel so far away

Late nights have  
Driven me insane  
From you, I  
Feel so far away  
I feel so far away!
