

Blue Fish

Eisley

When I was young, oh I found you in my heart
Oh I found you in my smile when I was young, young

Then like a thief you stole into my house
Like a choir waiting to be parted, oh,
like grass down, let's fall down, down, down

We all fall down
We all fall down
We all fall down
We all fall down

Hallelujah
Bait me like Blue fish
Hallelujah
Twisted, battered
Bait me, bait me

We all fall down
We all fall down
We all fall down
We all fall down
We all fall down
We all fall down
We all fall down
We all fall...
