

If I might be as so bold to say, you saved my life  
I'm wondering, wonder English, oh I've found,  
has no words to correctly describe  
the way love sounds

So I will sing, hey la la  
Hey, oh oh

Child, I will see you through a murderous comet,  
a sly little comment  
Oh Buttercup I will see you through a thousand  
bold soldiers with guns on their shoulders

You'll never grow older  
Hey, la la  
Hey, oh oh

Life, mankind, space, travel time  
Oh demons in the dark  
Oh I will never let them tear us apart  
No I will never

Hey, la la  
Hey, oh oh  
Hey, la la  
Hey, oh oh
