

Only A Friend Of Mine

Eivør Pálsdóttir

Who's knocking on my front door
It's just a friend of mine
Just an ordinary friend of mine

Likes to come around sometimes
It's only the friend of beggars
Only the friend of the poor man
Only the friend of justice true justice
Is the friend at my front door

Only the friend of little children
Only the friend of all the animals
Only the friend of the moon and stars
And this little earth of ours
Is the friend at my front door

Only the friend of of love
Only the friend of hope
Only the friend of peaceful resolution
Is the friend at my front door
