

# Heaven

El DeBarge

I say what, I say what,  
All the ladies in the house, I see ya.

Say it feels like heaven girl  
Every time we be together girl, girl, girl.

Last night I saw an angel,  
She opened her wings for me,  
But that girl has been here all along,  
My love for her so secret,  
And her love was made for me,  
She knows every time she hears this song.

[Chorus:]

And I hear the voice of angels sing with when she's around,  
And she's always there to pick me up when it all falls down,  
And the love I had to give before is all hers now, all hers now.  
Every time that I'm with you, it feels just like heaven,  
And everytime I look at you, girl, it feels just like heaven,  
It's like the shining through, baby, it feels just like heaven,  
And I know that God must be missing you, cause it feels just like heaven.

I've seen the light in your eyes, it feels like eternity,  
And I'll be in hell if she ever leaves, don't leave me girl,  
'Cause I'm blinded by her beauty, she shines like a diamond ring  
And I'm not afraid to tell her, just what she means to me.

[Chorus:]

And I hear the voice of angels sing with when she's around,  
And she's always there to pick me up when it all falls down,  
And the love I had to give before is all hers now...all hers now.  
Every time that I'm with you, it feels just like heaven,  
And everytime I look at you, girl, it feels just like heaven,  
If I could sunshining through, (my baby) it feels just like heaven,  
And I know that God must be missing you, cause it feels just like heaven.

Heaven, heaven, heaven, heaven, heaven,  
Heaven, heaven, heaven, heaven, heaven,  
Heaven, heaven, heaven, heaven,  
Just like heaven baby.... feels just like heaven (ah).

Every time that I'm with you, it feels just like heaven,  
Everytime I look at you, girl, it feels just like heaven,  
If I can see the sunshine though your eyes, baby, it feels just like heaven,  
And I know that God must be missing you, it feels just like heaven.

Every time that I'm with you, it feels just like heaven,  
Anytime I look at you, girl, it feels just like heaven,  
It's like the sun shining through, (my baby), it feels just like heaven,  
And I know that God must be missing you, 'cause it feels just like heaven.

Ohh, just like heaven, you and me, just like heaven, baby  
Just wait and see, When I get you home tonight, I 'll hold you tight, baby, .  
. , hey baby,  
Hoo, yeahhhh, ooohh, yeahhh, yeahhh, just like heaven,  
When I'm with you, girl, when I'm with you, when I'm with you.
