

# I Wanna Hear It From My Heart

El DeBarge

[Verse 1:]

Lying here close beside you  
Thinking of times before  
Love was a game and love me more  
Now I need to feel the rhythm  
Coming from deep inside  
I wanna know his right and I...

[Chorus:]

I wanna hear it from my heart  
Wanna be sure before I start  
And maybe his love is real  
And I... I wanna know before I fall  
To give all I got  
Don't give nothing at all  
I wanna hear it from my heart, oh

[Verse 2:]

Maybe I'm just too cautious  
But maybe I need some time  
Time to convince this heart of mine, oh... oh... oh...  
That I can really trust you  
(Really trust you)  
'Cause I've learned that words can lie  
I hear it from your lips but I...

[Chorus:]

I wanna hear it from my heart  
(Hear it from my heart)  
Wanna be sure before I start  
And maybe his love is real  
And I, I, I wanna know before I fall  
To give all I got  
Don't give nothing at all  
I wanna hear it from my heart, oh

[Instrumental: with breakdown]

Mmm... mmm... mmm...  
Oh, no  
I hear it from your lips but I...

[Chorus:]

I wanna hear it from my heart  
(Hear it from my heart)  
Wanna be sure before I start  
And maybe his love is real  
And I, I, I wanna know before I fall  
To give all I got  
Don't give nothing at all  
(Nothing at all)  
Before I fall in love, oh

I wanna hear it from my heart  
Wanna know where we stand right from the start  
Wanna know that his love is real love  
I wanna hear it from my heart  
(Hear it from my heart)

To give all I got  
Don't give nothing at all  
(Nothing at all)  
I wanna hear it from my heart

(I wanna hear it from my heart)  
(Wanna be sure before I start)  
Oh... oh... oh... oh... oh... oh... baby  
I wanna hear it from my heart
