

# Lost Without Her Love

El DeBarge

Looking out my window  
Watching through the rain  
Wishing she were here right next to me  
One chance in a million  
I know that's all I have  
Whoa, a miracle's the one thing that I need

[Bridge:]  
(Want her back) the way it used to be  
(Never had) her long enough  
Oh, can't you see

[Chorus:]  
I'm lost without her love  
I don't know where to run  
I just can't get her out of my dreams  
Oh I'm lost without her love  
Knowing she's the one  
Who could ever hope to rescue me

Talking to my shadow  
Saying I'm all right  
Trying to get through this lonely night  
Knowing just how empty  
Forever's gonna be  
Living without her here by my side

[Bridge & Chorus]

Now, now it all begins  
I start to pretend  
I see her in the distance in my mind  
Wrapped up in these chains  
Her memory still remains  
She's just too hard to shake

[Chorus x3: fade]
