

Love Me In A Special Way

El DeBarge

(Verse 1)

You knew you had me
With your sensuous charm
Yet you looked so alarmed
As I walked on by
An awesome wonder
You had to know why
I did not respond
To carry on

(Chorus 2xs)

Love me in a special way
What more can I say
Love me now

(Verse 2)

Love me now
'Cause I'm special
Not the average kind
Who'd accept any line
That sounds good
So reach into your chain of thoughts
Try to find something new
What works so well for you before
For me it just won't do

(Chorus 2xs)

(Bridge)

So reach into your chain of thoughts
Try to find somethin' new
What works so well for you before
For me it just won't do

(Chorus 'til fade)
