

Castaway

Elán

Someone lives inside mine
open mind
Staring at the sleep line
from my eyes

At the space of city
Maybe it's a pity
I have spende night alo -ne

More and more I have loose it
spends of time
Things I'm happy doing
Look like cry

In the space of my room
Say it's all about you
That's my another night alo -ne

I'm a
Castaway, castaway
because of tears away
Why did you leave me off
I call for got to pland it
Castaway, castaway
because of tears away
Why did you leave me off
Forever now I'll be alone

No one would be able
make this thing
No one wants to live like
castaway

Made I new desizion?
Throw a way my vizion?
And I'm standing back ali -ne

2x CHORUS

SOLO

Made I new decision?
Throw a way my vision
And I'm standing back ali -ne

3x CHORUS
Forever now I'll be alone!
